The Plan

I don't need to have the plan in hand  
I don't need to have the end in sight  
All I need to do is follow You, wherever You lead  
And do what You ask me to  
(repeat)

Trusting You, Lord, with all my heart  
Following You all my days  
Whether I can or can't understand  
I'll acknowledge You in all my ways  
(chorus)

Though I am pressed on every side  
I am not in despair  
My faith in You will carry me through  
Though I may not see where You're leading me  
  
(chorus)
